#### 2021 Business Report

##### 1. Market Overview

The prevalence of the COVID-19 pandemic had continued to impact the financial market in 2021. The global market turmoil was on a surge continuously. The market was with an eye on the pandemic and economic relief plan, the lack of workers and materials in the supply chain, China's economic imbalance, green energy, the U.S.A. debt ceiling, inflation, and balance sheets reduction. Traders face more variables and that causes the volatility of various instruments in the futures market intensified. The global futures and option market had been active with a trading volume of futures and options reached NT\$56.44 billion in 2021, representing an increase of 33.8% from the year before.

In terms of the global options trading, the COVID-19 pandemic came along with uncertainties and severe market fluctuation. According to the statistics of the USA Futures Industry Association (FIA) till November, in terms of instruments, the top three instruments traded were stock price indexes (44.2%), individual stocks (22.2%), and exchange rate (8.8%). The global demand for derivatives and hedging increased relatively due to the growth in the trading volume of stock market in most economies in the world. The trading volume of index futures and options increased by 47.7%, the trading volume of individual futures and options increased by 42.7%, and exchange rate futures increased by 21.8% from the year before, mainly due to the unsynchronized monetary policies of the central banks in the world, the strong USD currency, and the weak non-U.S. currency. Take the regional market for example, the transaction volume in 2021 grew record high by 51.7% from the year before in the Asia-Pacific region.

In terms of the domestic market, TSEE weighted index (TAIEX) reached a record high in 2021, so was the trading volume of the futures. The total trading volume of the Taiwan futures market reached 392 million lots, representing an increase of 15% from the 341 million lots in the year before. However, the transaction volume of the WTXP& was 75.99 million lots, down by 11% from the 85.4 million lots in the year before. FITX, FIMTX, stocks and futures, and TXO were the most popular instruments traded in 2021, of which, the trade of FIMTX reached 71.79 million lots in 2021, which was a substantial growth of 20% from 2020. The trade of stocks and futures were 75.73 million lots, which was a growth of 183% from the year before, a growth by two-fold. The ratio of natural person to legal person in the trade of futures was close to 1:1. The trade ratio of foreign investors grew conspicuously with a record of 20%, 26%, and 31.5% achieved in the last 3 years, respectively. In terms of the futures accountholders, a total of 65,000 accountholders opened in 2021, of which, the annual increase of accountholders in the age group of 20–30 years old was 28%.

The world remained in a cycle of interest rate reduction in 2021. The interest income of margin of the futures industry was affected significantly due to the low interest rate in market. The management team of Yuanta Futures strives to improve the profitability momentum of the brokerage business continuously. In terms of financial performance, the annual operating income increased by NT\$60.78 million from the year of 2020. The net income amounted to NT\$860 million in 2021, accounted for 29% market share, ranking the first among 14 futures commission merchants; moreover, the EPS (after tax) was NT\$2.97 and the ROE (after tax) was 7.11%. In terms of business performance, the market share of futures brokerage was 23.36%, the market share of option brokerage was 18.42%, and the market share of foreign futures was 26.39%.

The Company while facing the unpredictable financial environment had held a rigorous

risk control attitude to respond prudently in 2021. The Company also continued to integrate the department of legal compliance, risk management, information, settlement, audit, etc., so as to establish a profound line of defense across departments, comprehensively enhance the Company's internal policies and risk control measures, and also refine the responsible personnel's awareness and culture of risk control, money laundering prevention, and countering the financing of terrorism in order to effectively substantiate the goals of customer risk management and stable operation.

## 2. Corporate governance

- (I) Participated in the "Corporate Governance Evaluation" held by the Taiwan Stock Exchange (TWSE) and Taipei Exchange (TPEX) and the Company had been ranked in the top-5% of the listed companies for 7 consecutive years. It was indeed a true recognition on the Company's continuing commitment to protect the rights of shareholders and the pursuit of sustainable development of the Company based on the principle of ethical corporate management.
- (II) After April 2012, the Board of Directors had the "Audit Committee" setup to replace the functions of supervisors, to supervise the Company's financial operations, internal control, regulatory compliance, and risk control for emphasizing an open and transparent management philosophy. The Audit Committee had convened 17 meetings in 2021.
- (III) The Company for the purpose of substantiating the "principle of treating client fairly" had the "Fair Hospitality Committee Organizational and Operational Enforcement Rules" completed and the Committee formed on October 4, 2019 with the general manager appointed as the commissioner and an operational unit appointed to organize and manage. The Company convenes the Fair Hospitality Committee meeting on a quarterly basis to regularly review the plan execution and results of the principle of treating client fairly in each department in order to establish a horizontal communication channel for each department to promote and implement the principle of treating client fairly, and also report the performance of the said principle to the board of directors for discussion on a quarterly basis. The board of directors is to supervise the Company's policy on the principle of treating client fairly, to optimize various acts of fair hospitality, and to reinforce the protection of consumers' rights and interests.

### **Attachment 3**

#### **INDEPENDENT AUDITORS' REPORT TRANSLATED FROM CHINESE**

PWCR 21000323

To the Board of Directors and Stockholders of Yuanta Futures Co., Ltd.

#### ***Opinion***

We have audited the accompanying consolidated balance sheets of Yuanta Futures Co., Ltd. and its subsidiaries (the "Group") as at December 31, 2021 and 2020, and the related consolidated statements of comprehensive income, of changes in equity and of cash flows for the years then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at December 31, 2021 and 2020, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Futures Commission Merchants, Regulation Governing the Preparation of Financial Reports by Securities Firms and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations as endorsed by the Financial Supervisory Commission.

#### ***Basis for Opinion***

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and generally accepted auditing standards in the Republic of China. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Norm of Professional Ethics for Certified Public Accountants in the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### ***Key Audit Matters***

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements for the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole and, in forming our opinion thereon, we do not provide a separate opinion on these matters.

Key audit matters for the Group's consolidated financial statements of the current period are stated as follows:

### ***Fair value measurement of valuation of the unlisted stocks***

#### Description

For the accounting policy of the unlisted stocks (accounted under financial assets at fair value through other comprehensive income), please refer to Note 4(8); for critical accounting estimates and assumption uncertainty of the fair value of unlisted stocks, please refer to Note 5(2); for the details on unlisted stocks, please refer to Note 6(5). The carrying amount of the financial assets at fair value through other comprehensive income – unlisted stocks as at December 31, 2021 was NTD 1,806,258 thousand.

Because there are no active market quoted prices for financial assets at fair value through other comprehensive income – unlisted stocks held by Yuanta Futures Co., Ltd., the management uses valuation techniques to estimate the fair value. The valuation techniques used by Yuanta Futures Co., Ltd. are primarily the market method. The market method involves certain assumptions and significant inputs that are not based on observable market data, including the selected valuation methods, the determination of similar and comparable companies, price to earnings ratio and discount of marketability, etc. The models and parameters used in valuation techniques are based on management’s professional judgments and estimates, and such accounting judgments and estimates are highly uncertain. Thus, we have included the fair value valuation of unlisted stocks as a key audit matter in our audit for the year ended December 31, 2021.

#### How our audit addressed the key audit matter

In response to specific aspects of the above-mentioned key audit matter, we made use of experts to assist the evaluation of the reasonableness of valuation information used by the management, and conducted the following procedures:

1. Obtained an understanding and evaluated the policy and valuation process relevant to the fair value measurement of the unlisted stocks.
2. Evaluated whether the valuation methods used by the management were commonly used.
3. Evaluated the reasonableness of the selection of comparable companies by the management.
4. Sample tested the price to earnings ratio and the inputs of discount of marketability used in the valuation methods, and reviewed relevant information and supporting evidence.

### ***Other matter – Parent company only financial reports***

We have audited and expressed an unmodified opinion on the parent company only financial statements of Yuanta Futures Co., Ltd. as at and for the years ended December 31, 2021 and 2020.

## ***Responsibilities of management and those charged with governance for the consolidated financial statements***

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Futures Commission Merchants, Regulation Governing the Preparation of Financial Reports by Securities Firms and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations' as endorsed by the Financial Supervisory Commission, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including the audit committee, are responsible for overseeing the Group's financial reporting process.

## ***Auditors' responsibilities for the audit of the consolidated financial statements***

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the generally accepted auditing standards in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the generally accepted auditing standards in the Republic of China, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion,

forgery, intentional omissions, misrepresentations, or the override of internal control.

2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters of the Group that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## INDEPENDENT AUDITORS' REPORT TRANSLATED FROM CHINESE

PWCR21000315

To the Board of Directors and Stockholders of Yuanta Futures Co., Ltd.

### ***Opinion***

We have audited the accompanying parent company only balance sheets of Yuanta Futures Co., Ltd. (the "Company") as at December 31, 2021 and 2020, and the parent company only statements of comprehensive income, of changes in equity and of cash flows for the years then ended, and notes to the parent company only financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying parent company only financial statements present fairly, in all material respects, the parent company only financial position of Yuanta Futures Co., Ltd. as at December 31, 2021 and 2020, and its parent company only financial performance and its parent company only cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Futures Commission Merchants and Regulation Governing the Preparation of Financial Reports by Securities Firms.

### ***Basis for Opinion***

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and generally accepted auditing standards in the Republic of China. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Parent Company Only Financial Statements section of our report. We are independent of the Company in accordance with the Norm of Professional Ethics for Certified Public Accountants in the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### ***Key Audit Matters***

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the parent company only financial statements for the current period. These matters were addressed in the context of our audit of the parent company only financial statements as a whole and, in forming our opinion thereon, we do not provide a separate opinion on these matters.

Key audit matters for the Company's parent company only financial statements of the current period are stated as follows:

### ***Fair value measurement of valuation of the unlisted stocks***

#### Description

For the accounting policy of the unlisted stocks (accounted under financial assets at fair value through other comprehensive income), please refer to Note 4(7); for critical accounting estimates and assumption uncertainty of the fair value of unlisted stocks, please refer to Note 5(2); for the details on unlisted stocks, please refer to Note 6(5). The carrying amount of financial assets at fair value through other comprehensive income – unlisted stocks as at December 31, 2021 was NTD 1,806,258 thousand.

Because there are no active market quoted prices for financial assets at fair value through other comprehensive income - unlisted stocks held by Yuanta Futures Co., Ltd., the management uses valuation techniques to estimate the fair value. The valuation techniques used by Yuanta Futures Co., Ltd. are primarily the market method. The market method involves certain assumptions and significant inputs that are not based on observable market data, including the selected valuation methods, the determination of similar and comparable companies, price to earnings ratio and discount of marketability, etc. The models and parameters used in valuation techniques are based on management's professional judgments and estimates, and such accounting judgments and estimates are highly uncertain. Thus, we have included the fair value valuation of unlisted stocks as a key audit matter in our audit for the year ended December 31, 2021.

#### How our audit addressed the key audit matter

In response to specific aspects of the above-mentioned key audit matter, we made use of experts to assist the evaluation of the reasonableness of valuation information used by the management, and conducted the following procedures:

1. Obtained an understanding and evaluated the policy and valuation process relevant to the fair value measurement of the unlisted stocks.
2. Evaluated whether the valuation methods used by the management were commonly used.
3. Evaluated the reasonableness of the selection of comparable companies by the management.
4. Sample tested the price to earnings ratio and the inputs of discount of marketability used in the valuation methods, and reviewed relevant information and supporting evidence.

### ***Responsibilities of management and those charged with governance for the parent company only financial statements***

Management is responsible for the preparation and fair presentation of the parent company only financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Futures Commission Merchants and Regulation Governing the Preparation of Financial Reports by Securities Firms, and for such internal control as management determines is necessary to enable the preparation of parent company only financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the parent company only financial statements, management is responsible for assessing the ability of the Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including audit committee, are responsible for overseeing the financial reporting process of the Company.

### ***Auditor's responsibilities for the audit of the parent company only financial statements***

Our objectives are to obtain reasonable assurance about whether the parent company only financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the generally accepted auditing standards in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these parent company only financial statements.

As part of an audit in accordance with the generally accepted auditing standards in the Republic of China, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the parent company only financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of the Company.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the parent company only financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the parent company only financial statements, including the disclosures, and whether the parent company only financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company to express an opinion on the parent company only financial statements. We are responsible for the direction, supervision and performance of the parent company only audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters of the Company that were of most significance in the audit of the parent company only financial statements of the current period and are therefore the key audit matter. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.
